**Statement of World Aquatic Scientific Societies on the Need to
Take Urgent Action Against Human-Caused Climate Change,
Based on Scientific Evidence.**

The International Association of Aquatic and Marine Science Libraries and Information Centers (IAMS LIC) encompasses all aspects of aquatic and marine sciences and their allied disciplines. The association provides a forum to exchange and explore ideas and issues of mutual concern. Currently, the Association has 238 active members as of 24 August 2020.

IAMS LIC joins the **“Statement of World Aquatic Scientific Societies on the Need to Take Urgent Action Against Human-Caused Climate Change, Based on Scientific Evidence.”** The Association supports the statement that highlights major scientific findings related to the effects of climate change on aquatic ecosystems backed by peer-reviewed scientific studies. It also supports the recommended actions, based on scientific findings, to avoid further degradation.
