Body of Paper

References: APA style. If you use reference management software, please remove any formatting!

Submission Format:
Papers should be sent as email attachments. The preferred format is Word, but most standard word processor formats are acceptable (NOT PDFs). All papers will be reformatted in the same format (Ariel) and font (12 point), with 1” margins. PowerPoint or other slide presentations will not be accepted.

Notes:
• Please do not break your paper into sections.
• Images and tables must fit within the margins or they may not be used. It is best if tables are built within Word, otherwise the formatting may cause issues.
• Please don’t wrap text around images or tables as that causes problems in the final version.

References (APA Style):
Citations in the text:
To cite the work when you don’t name the author in the text: (Smith, 1984); (Smith and Jones, 1984); three, four or five authors: list them, separate by commas, join last two with and: (Smith, Jones, Pond and Song, 1984); more than five authors = (Smith et al., 1984).
If you do mention the author in the text: Smith (1982); Smith (1982a, b); Smith (1983, 1984); Smith & Jones (1984); three, four or five authors: Smith, Jones, Pond & Song (1984); more than five authors = Smith et al. (1984).

At the end of the paper list your References, again in APA 6th format. Examples:

Panel presentations are intended to be relatively spontaneous and interactive. Panel presenters are not expected to submit formal papers, though they may certainly do so if they wish.
